**RICHARDSON, Texas** – (June 1, 2017) – [CityLine](#) will host Summer Reading & Art in the Plaza on Saturdays from 10 to 11 a.m. starting June 10 through July 15, presented by breakfast favorite [Top Pot Doughnuts](#) and [Early Learning NEXUS](#).

“We are excited to expand our activity lineup specifically for kids just in time for summer,” said Jessica Robertson, marketing director, CityLine. “We invite all of our neighbors with young children to join

us Saturday mornings at CityLine Plaza, which is at the heart of everything and home to several works of art that can inspire children and parents alike.”

The free program is geared toward children ages 0-8 years old and allows families with young children to enjoy a morning listening to an assortment of poetry and stories, followed by a creative project that supports the theme of the week. Children must be accompanied by a parent or guardian. The program will be moved inside Top Pot in the event of inclement weather. Program dates are as follows:

Date	Theme	Book
June 10	Nature is Awesome: Taking & Giving Back	Redwoods by Jason Chin
June 17	Dads	Jabari Jumps by Gaya Cornwall
June 24	Up and Down: Fun with Gravity	Roller Coaster by Marla Frazee
July 1	Time Travel: What if?	Dragons Love Tacos 2 by Adam Rubin
July 8	Making Mistakes: What We Do With Them	The Book of Mistakes by Corrina Luyken
July 15	You, Me, We: Appreciation	We're All Wonders by R.J. Palacio

“The Early Learning NEXUS program bridges child development theory and parenting to provide effective guidance during those critical years, and we’re excited to share this method with local families,” said Dr. Nicole Masek, Founder & Facilitator of Early Learning NEXUS. “Parents and children can benefit from the tools we use, and what better environment to learn than the beautiful CityLine Plaza.”

Participants at any session will receive a 50 percent discount for enrolling in the Early Learning Nexus Parent-Toddler program for one month, a \$60 value, which allows both children and parents to learn together to optimize early childhood experiences.
